

Vison Project – builders on site!

Builders will be on site from Monday 17-July until Friday 25th August.

Access to the church buildings will be severely restricted. The front door will not be available. Holders of front door keys will be issued with temporary back door keys as required.

During builders' working hours – roughly 07:30 to 16:30 Mon-Fri -- access will be for authorised users only – the builders will control this. The car park will NOT be available.

Evenings and Saturdays groups will be able to hold their regular sessions although Weight Watchers will relocate to St Benedict's. Access will be via the back door only.

On Sunday mornings access to the church will be via the back door only and a temporary route through the coffee lounge. The stained-glass doors into the church will be sealed off. The children's play area will be dismantled.
